Technical skills

Programming Languages	JavaScript, C++, SQL,
Frameworks and Libraries	React.js, CSS, HTML5, Tailwind CSS, Three.js, Socket.io
Developer Tools and Databases	VsCode, Git, Github, Relational databases (MySQL)
CourseWorks	Data Structures and Algorithms (DSA), Operating systems (OS), Computer Network, Object-Oriented Programming (OOPs), Database Management System(DBMS)

Work Experience

Software Engineer Intern @SONY   *Jan 2023 – July 2023*
JavaScript, React.js, TailwindCSS, Three.js, Socket.io, WebGL, Playcanvas   *Bengaluru*

- Led the successful completion of three proof-of-concept (POC) projects within a tight 6-month timeframe taking full ownership of the projects from ideation to implementation with documentation.
- Developed and implemented an immersive UI (3D) for a metaverse application, improving user engagement and experience.
- Created and integrated character control features, including locomotion, teleportation, multiplayer functionality, and video texture, resulting in a more interactive and engaging user experience.
- Utilized ReactJs and TailwindCSS to build the UI for marketplace application, ensuring compatibility across various platforms and devices working on it's responsiveness.

Project

Legal-Debrief   *Demo Link*
JavaScript, React.js, TailwindCSS

- Legal Debrief is an online platform catering to law students seeking opportunities in the legal field.
- Implemented key front-end design features such as blog posts, opportunity posts, and a featured posts carousel, enhancing the platform's functionality and user engagement.
- Utilized ReactHooks to efficiently manage state and lifecycle methods within the functional components, improving the performance and maintainability of the platform.
- Leveraged the Fetch API method to seamlessly retrieve web APIs and transfer data from the backend, ensuring real-time and updated information for the users.

Achievements

- 6 * Problem Solving in HackerRank
- 216 rank in CodeChef Starters 27 in March among 12,000+ participants
- Attained a 4-star CodeChef rating with the highest achieved rank of 1803.
- 400+ Problems solved across various coding platforms like GeeksForGeeks, LeetCode

Education

Institute of Engineering and Technology, Devi Ahilya Vishwavidyalaya   *May 2019 - May 2023*
BE in Information technology Engineering   *Indore, MP*

Dinanath High School and Junior College   *May 2017 - May 2018*
Class XII - 83.54 Percent   *Nagpur, MH*

Ram Shanti Vidya Mandir   *May 2015 - May 2016*
Class X - 9.8 CGPA   *Pandhurna, MP*
